EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 11/16/06, Mr. David Crompton requested an extension of time for 3 MONTH(S) and authorized the Director to charge Deposit Account No. 50-0413 the required fee of \$1020 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 7, line 12, "wherein the proximal portion of the balloon and shaft are heated to releasably attach the proximal portion to the shaft" has been deleted and replaced with

--- wherein the proximal portion of the balloon is heat bonded to the shaft for releasably attaching to the shaft ---.

In claim 32, line 16, "wherein the second portion of the balloon and shaft are heated to releasably attach the second portion to the shaft" has been deleted and replaced with

--- wherein the second portion of the balloon is heat bonded to the shaft for releasably attaching to the shaft ---.

In claim 38, line 12, "wherein the second longitudinal portion of the balloon and shaft are heated to releasably attach the proximal portion to the shaft" has been deleted and replaced with

--- wherein the second longitudinal portion of the balloon is heat bonded to the shaft for releasably attaching to the shaft ---.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a balloon catheter comprising all the structural elements and functional limitations as claimed and further comprising a heat bond or adhesive between the shaft and the proximal portion of the balloon which is releasably attached. The proximal portion is clearly defined as a portion of the balloon which is not the ends of the balloon.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
